UNITED STATES ARMS CONTROL AND DISARMAMENT AGENCY

WASHINGTON, D.C. 20451

WEAPONS EVALUATION AND CONTROL BUREAU
FIELD OPERATIONS DIVISION

October 6, 1970

Dear Art:

STAT
STAT
You will be receiving an official acknowledgement, from our Director, [redacted], through channels, for the truly outstanding tour and briefing given [redacted] and the rest, last Wednesday September 20. However I want to send along a personal note of appreciation for the fine presentation and the smooth handling given the entire program.

STAT
STAT
The Director has to review and absorb, for SALT, a great deal of information concerning verification capabilities and limitations. Seldom is he able to see these concepts brought to life in the crisp, graphic form in which your presentations are cast. For this reason, I believe the briefing was of especial interest to him and his immediate staff.

STAT
STAT
Please express my personal thanks to the many technical personnel who participated in the individual parts of the briefing, and to [redacted] who, as always, functioned ably in coordinating all arrangements. I also appreciate greatly the time that you and [redacted] were able to spend personally with the group.

Sincerely,

[redacted signature box]

Mr. Arthur C. Lundahl
Control Intelligence Agency
Washington, D.C.
